**To:** Newman-Web  
**Subject:** Az/American Rate Increases in Sun City West

Paul Newman, Commissioner  
Commissioners of the Arizona Corporate Commission

I believe that the proposed rate increase for AZ/American is not justified for the following reasons:

1. Why such large rate increases when SCW was virtually completely built-out in 1998? We are NOT a growing city that requires a large investment in infrastructure. Our entire infrastructure is already in place.
2. The proposed increase equates to 7.3% Return on Investment for AZ/American! This is an extremely high return in light of the economic situation in the nation today.
3. The quoted increase of 66.1% is misleading, as it is an average. The actual increase rewards users that are wasting the most water and penalizes the users that conserve the most water. This practice also penalizes elderly, single person households which can afford the rate increase the least. This flies in the face of sound conservation practices.
4. The expense charges allowed in this ratemaking process are both excessive & outrageous. Nearly one million dollars will be transferred annually from ratepayers, in our local area, to the parent company American Water Works. There are also inclusions for executives' bonuses' in expense charges to SCW customers. These are totally inappropriate.
5. Before the smoke clears from this increase, Arizona American is planning on hitting us with an average increase of over \$6.00 / month for wastewater processing next year.

Thank you for your consideration.

Pete Latino

## Step 3

ENTER YOUR COMMENTS HERE:

We are opposed to the proposed rate consolidation & increase for Sun City Water and Wastewater. Not only would Sun City residents be impacted with their residential water costs, an increase of this nature will also impact annual fees charged by the Sun City Recreation Centers organization which is a non-profit organization that is funded by the residents of Sun City. Fees have already been increased by the SCRC in 2008 and 2009. The proposed rate increase would necessitate another higher increase which would have serious consequences for many retirees in this community.

We object to bundling our geographical district with others of unlike circumstances, creating an unfair increase for Sun City residents.

Docket numbers: W-01303A-09-0343 and SW-01303A-09-0343  
Re: Rate Consolidation and Increases

Please consider the residents of Sun City who are living on Social Security, that didn't get a COLA raise, and now they want to bundle us to help pay for other areas water treatment. That doesn't seem right for us to pay since we pay for ourselves and now they want us to pay for others. We have had many increases in other areas and the water company had a recent increase. Please do not let the rate consolidation and the rate increases get passed. Just one more straw on the camels back which is almost to the breaking point.

Please think of the retired Sun City citizens who are struggling to make ends meet when you consider the bundling and rate increase.

### Step 3

ENTER YOUR COMMENTS HERE:

Commissioners:

From what I have read, the water in the Sun City District is the best in the area. This Consolidation purposed by Arizona-American Water Company is lacking merit on that point alone. It is a deceitful attempt to use the Sun City district (a lower cost water district) to off set the higher costs of water treatment for areas that have much higher costs related to water treatment. Being a Sun City Resident I will be penalized three times for this action.

One, it will raise water costs of home owners in a retirement community most of whom are on fixed incomes.

Two, raise the water cost to the Recreation Centers of Sun City used by the same retired persons on those fixed incomes.

Three, each homeowner of Sun City is required to pay for the Recreation Centers which will have to be raised if the Arizona- American Water Company is allowed to get away with this move.

Please represent us by leaving Sun City Home Owners out of this consolidation.

Rate consolidation is the process of bundling a group of geographical districts together and averaging the differing costs for each district into a single rate.

The proposal to consolidate these districts has been made by the Arizona Corporation Commission ("ACC") staff. I am adamantly opposed to this consolidation.

We in Sun City are retirees on fixed incomes and it would be catastrophic for these rates to be imposed upon us.

Utility Name: Arizona-American Water Company, Inc.  
Docket Numbers: W-01303A-09-0343 and SW-01303A-09-0343

The rate increases proposed are entirely too much--Sun City is a retirement community where most everyone is on a fixed income. We need to keep expenses down--its bad enough medical expenses continue to escalate.

Also, each community's rates should be separate and NOT lumped together. Sun City should NOT have to pay to help other communities pay for what they need. Let's be fair and keep each area separate as it has been.

I STRONGLY oppose consolidating Sun City with other districts! We carefully chose this location partly because of the good water and reasonable rates. The current idea of taking people who made good choices through hard work, research, and good judgement and packaging them with people who did not in order to help them with insurance, drugs, utility costs or other things is onerous despicable. You know for each person who believes this and writes in, there are a thousand who don't and will simply express their displeasure at the next election. Please kill this terrible and oppressive idea! I see no reason to punish senior citizens in order to take their scarce and hard earned money and redistribute it to others. Thank you. Russell Denison.

RE: Arizona-American Water Company, Inc.  
Docket Numbers: W-01303A-09-0343 and SW-01303A-09-0343

Dear Mr. Newman

Hello, I am asking you to intervene on behalf of all Sun City residents in opposing the rate increases proposed by the American Water Company. Consolidation of districts and the corresponding astronomical rate increases will hit the residents of Sun City very hard, most of which are on fixed incomes. I might also mention that Sun City residents are some of the most frugal users of these vital resources. To increase our rates to pay for other districts is simply not right. I always find it interesting that companies (such as American Water) first action is to always raise prices to the customer without cleaning up their own house first.

As we support you at the ballot box---please support us by opposing this added burden on seniors.

Warmest Regards,

Fred Casey

I am not in favor of the proposed rate consolidation and prefer to leave the rates as they exist in the community of Sun City. We will continue to treat OUR water and feel that consolidation will increase our costs unnecessarily. I will contact you further on this as I gain more knowledge and information on the proposal. Bottom line is I am opposition to the proposal.

We are writing to strongly object to both American Water Proposals, Combining of water districts and raising rates.

1. We here in Sun City, a retirement community, should not have to pay for other districts whose water needs better treatment. Combining water districts will make us pay more just like another increase.

2. It is also unfair to raise water rates by exorbitant percentages. It's bad enough you let APS raise their rates, but another major cost increase is very hard on retired folks.

Please take our age group and also a sense of fairness into consideration before allowing these dockets to be approved.
